

WAR RELIEF WORK WIDENING

CALIFORNIA IS ACTIVE IN WORK OF WAR RELIEF

Cablegrams Explain Plan in Which Hawaii Was Asked To Join

MOVEMENT HERE ALREADY MADE JOINING NEEDLESS

American Commission is Doing Fine Service With Unselfish Help of the Public

Further information on the activities of San Francisco and California on behalf of the Belgian sufferers was brought in the last mail from the coast through a letter from W. M. Alexander to J. P. Cooke. The most enlightening item of the letter is contained in a copy of a cablegram from a Mr. Rickard, head of the Belgian relief movement, which explains how the relief funds and contributions are handled. This cable, addressed to Mr. Alexander, reads as follows:

"I have been appointed member of official commission under American ambassadors in Europe for the securing and transportation of foodstuffs to Belgians in Belgium, where over one million are now on breadline and practically whole population faced with famine. Would it be possible for you to lead a movement amongst leading Hawaiian business men to procure for us a shipload of food free embracing considerable amounts of sugar and any suitable foodstuffs? This American commission is serving voluntarily and every pound of food contributed will reach Belgium without cost for expenses and will be distributed through the many hundred Belgian relief stations established by the Belgian national relief committee. Our commission under approval of German and other governments is able to guarantee protection for this food and all efforts for Belgian relief should be centralized through us, we being the only medium through which food or money can be introduced into Belgium for relief purposes. We have also asked important San Francisco people, including McNear, to undertake provision of a cargo from California and therefore do not wish you to overstep with them. Keep us in touch. Cable address Crevoche, London."

"EDGAR RICKARD." The San Francisco plan is to secure a relief fund of a quarter of a million. The foodstuffs will be sent forward by one of the steamers of the American-Hawaiian service.

There seems to have been some dissatisfaction on the part of San Franciscans that Hawaii did not join in the California movement. When Mr. Cooke cabled that the local relief work had been going on for some weeks, it appeared to satisfy the San Franciscans.

At the meeting of the Chamber of Commerce a few days ago this commission was mentioned, both in the cablegram to the Chamber of Commerce and in the cablegram to Mr. Cooke, which brought news of the new movement here. The cablegram above fully explains what this commission is a point that caused some query.

(Continued from page one)

over \$15,000 and today \$4500 more was sent to New York.

The Chamber of Commerce, which was called on by the San Francisco Chamber of Commerce to join in the great American relief movement, has collected nearly \$10,000.

The work of securing and making up supplies under the auspices of the Red Cross is being systematized and information is given today in a statement from Mrs. Walter F. Dillingham. Many Honolulu women are interested in this phase of the relief work.

The Christmas ship or Christmas Chest Committee announces that it has collected more than \$1500 and will hold the fund open for contributions until the new year.

Under the auspices of the junior auxiliary of St. Andrew's cathedral, Hawaiian congregation, a concert for the benefit of the Kapaeha mission will be given in the Davies memorial hall Friday evening, November 13, commencing at 8 o'clock.

GLENN'S Sulphur Soap
For the Skin
Clears the complexion, whitens the hands and is a time-tested remedy for skin diseases.
Sold by Druggists. 100% Pure and Wholesome Soap, Made in America.

LOCAL WORK FOR AMERICAN RED CROSS SUPPLIES IS EXPLAINED

Women are Active in Preparing Clothing and Material for Sick and Wounded

The following important announcement is made by Mrs. Walter F. Dillingham:

"For the information of persons who desire to contribute supplies to the American Red Cross for the sick and wounded of Europe.

"Though funds are of first importance for the sending of a trained personnel, and the purchase of surgical and medical supplies, there will be need for a certain class of other supplies, and as many women throughout the country have expressed a desire to be of assistance to the Red Cross in providing proper hospital garments, etc., this article is published for their information and guidance.

"Patterns and samples of material for night-shirts, which are especially needed, and instructions for knitting

abdominal bands, may be obtained at headquarters in the Y. W. C. A. rooms in the Boston building. Wednesday and Saturday mornings between 9 and 11 o'clock, at which time the committee will also be glad of assistance in the cutting of garments.

"Work will also be carried on by various local associations, as follows:

"St. Andrew's Auxiliary; chairman, Mrs. Arthur Smith; will take charge of this work for the Episcopal churches.

"The Women's Society, for the Central Union church; Mrs. Lorrin Andrews, chairman.

"The Punahou Guild; chairman, Mrs. Peacock, for the Catholic churches.

"The Methodist Guild; Mrs. Cooper, chairman.

"Any other associations or individuals wishing to take part in the Red Cross work will please inquire at headquarters, Y. W. C. A. rooms.

"Davies & Co. and Hackfeld & Co. have generously agreed to furnish material at cost."

DRAY COMPANIES WILL COLLECT CLOTHING FOR RELIEF COMMITTEE

Chairman Castle Outlines Plan; Read It and Get Your Supplies Ready for Call

Returns from Maui this morning, which are probably preliminary, add \$1281.50 to the funds in hand of the war relief committee. Other donations, mostly from town, have brought the total to date up to \$13,763.75, of which \$4395 has been specifically given for Belgian relief. The committee has today cabled \$4500 to New York—\$3000 for Belgian relief, \$1500 for the relief of the sufferers in northern France. Next week further attention will be given to eastern Europe.

Honolulu, T. H., Nov. 7.

Editor Honolulu Star-Bulletin.

Sir: It has been suggested to the War Relief Committee that a considerable amount of clothing, etc., can be collected for the relief of the sufferers in Belgium by sending around cars or drays. As a number of people have telephoned in, saying that they had material but no means of getting it in, the committee finally decided to send for material, and we have to thank the Honolulu Construction & Draying Company, City Transfer Company, and Hustace-Peck Company for the gift for one day, and perhaps two, of a team including driver and assistant, to go about the city to make these collections. It is also probable that the Union Pacific Transfer Company may furnish still another dray, although we have not a definite answer. We therefore will be much obliged if you will put in some prominent position where everybody can see it a notification that on Wednesday morning, the 11th, some of these cars will visit Manoa and Kaimuki, and if all those so inclined will place their bundles of clothing, which may in-

clude soft rags for hospital use, and blankets or anything else, in front of the houses, say on the sidewalk in front of the gate, marking them "For War Relief Committee," they will be transported to the depot on Alakea street. We trust that there will be an enthusiastic and generous response to these calls, as there have been already on the part of those who have brought their own material.

On the afternoon of Wednesday, the 11th these conveyances will visit Wai-iki and Kaimuki, going as far as Pili-ko streets, for the same purpose, and every package, marked as above suggested, will be collected and received with great joy. From advices that we have received, there is no question that the need is tremendous.

On the same day, Wednesday, the 11th, one of the conveyances will attempt to make the collections on the town side of Pili-ko street, extending as far as say Alakea street.

The probability is that the collections will begin about 9 o'clock in the morning, or even earlier, and will continue up to noon in Manoa and Kaimuki, and from noon until 4 or 5 in the afternoon in the other districts. The collector for the town district, beginning with Pili-ko street, will begin in the morning and work toward town. On Thursday, the 12th, as many conveyances as may be necessary will collect from Vineyard street north, covering Nuuanu, Palama, and all the outlying districts in that neighborhood.

It is possible that a cart will also be sent to Kaimuki, and we will thus collect whatever is to be given from all over the city. The reason that there is a little indefiniteness in this with regard to Kaimuki is that no one in that neighborhood has yet stated that there were clothes to collect.

The committee asks the indulgence of your paper to treat this as a notice and keep it in continuously till say Thursday.

Very respectfully,
W. R. CASTLE,
Chairman, War Relief Association.

MORE THAN \$1500 SENT TO XMAS SHIP BY HONOLULU COMMITTEE

Children Have Made Many Sacrifice to Give Others Christmas Cheer

The Star-Bulletin has received from the "Christmas Ship" committee the following statement:

The committee on Christmas cheer for the children of the war zone wishes to thank all who have contributed and kindly assisted them in their work. Special thanks are due the Honolulu Star-Bulletin, The Pacific Commercial Advertiser, Hawaii Shingo, Nippon Jiji, Hawaii Hochi, Japanese Daily Chronicle, O. Luso, the Board of Education and all clergymen and teachers who have brought this mission before their Sunday schools and scholars.

ALMOST \$10,000 NOW ON HAND FOR BELGIAN WIDOWS AND ORPHANS

More than \$9800 had been received by the Chamber of Commerce of Honolulu at 2 o'clock this afternoon toward the fund which that organization now is assembling for the aid of the widows and orphans in Belgium. The campaign for funds was commenced by the chamber Thursday morning, and the amount is being added to at the rate of more than \$2500 a day. The Chamber of Commerce commenced the campaign at the request of the San Francisco chamber. Many organizations on the mainland have entered into the campaign, the money being collected principally for the Belgians.

About \$3,500,000 in gold arrived at San Francisco on two steamers from the Orient.

Most gratifying has been the response from the children, many personal sacrifices having been made by them and great sympathy and interest having been aroused in behalf of their suffering little comrades and sisters in the heart of the great war.

The committee wishes to announce that \$1593.50 has been sent to the Christmas ship Jason, which sails Nov. 10 from New York, and all further contributions up to the new year will be turned over to Miss M. L. Catton, treasurer, to be sent directly to the Belgian children, and the Christmas boxes will continue in the following drug stores: Benson, Smith & Co., Chambers Drug Co., Honolulu Drug Co., Hollister Drug Co.

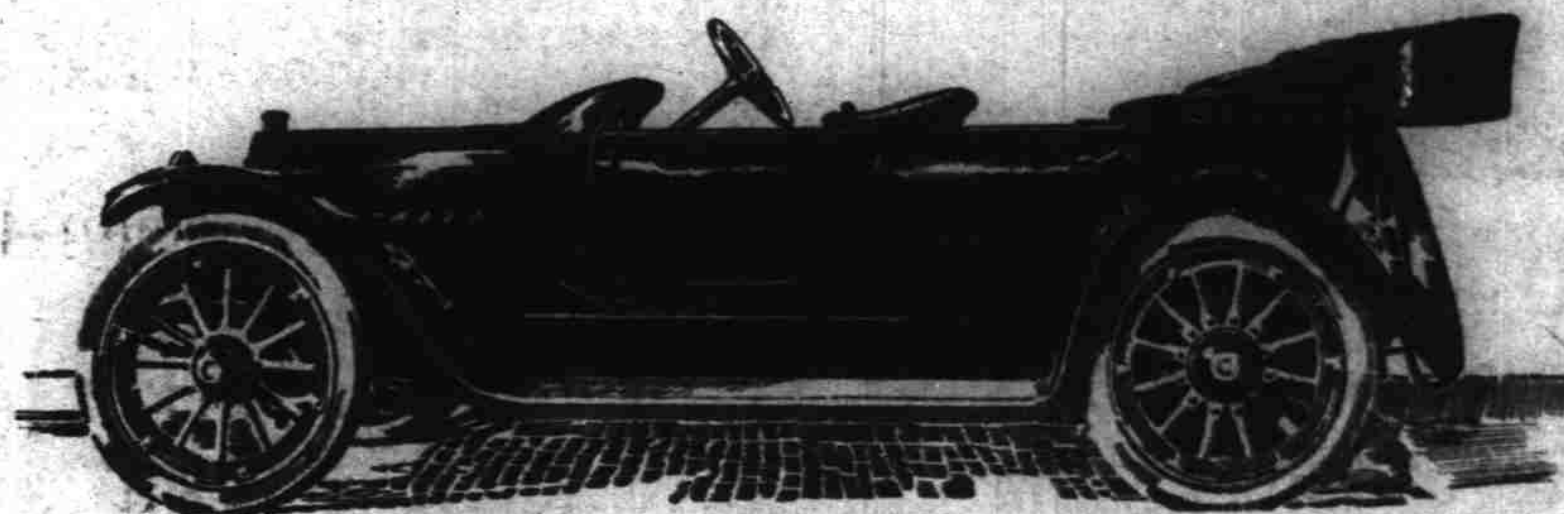

Committee—Mrs. Walter L. Emory, Mrs. C. Montague Cooke, Jr., Mrs. J. W. Caldwell, Miss M. M. L. Catton.

M'INERNY PARK LOTS SELLING VERY RAPIDLY

Chas. S. Desky, sales agent for McInerny park tract, reports an ever increasing activity in sales, several lots having been sold within the past few days.

This high class subdivision is meeting with the hearty approval of those seeking investment from either the standpoint of home building or remunerative investment.

Even a painstaking dentist doesn't take away the pain of victims.

Oldsmobile Four \$1450 Honolulu

The successful automobile builder must foresee the economical maintenance of his car in actual, hard service at the owner's hands, and we regard as a prime requisite the reduction of weight with the absolute retention of every factor of mechanical perfection. The shipping weight of the Oldsmobile is less than 2500 pounds. This is remarkable when you consider that every moving part is of standard construction, standard material, standard strength and safety—not merely the light car standard but the standard set by the best cars money can buy. The result of the standard efficiency is reflected in the astonishing performance value of the car.

FT. SHAFTER SOCIETY

(Special Star-Bulletin Correspondence)
FORT SHAFTER, Nov. 6.—Master Raymond Longenecker is celebrating his fifth birthday Sunday, November 8, with a party for the young folks of the garrison.

Among those leaving on the transport Logan who will be greatly missed from the social set at Fort Shafter were Capt. and Mrs. W. R. Gibson and their many friends in garrison and city will regret to learn that they are

not expected to return, as Capt. Gibson expects to be assigned to some regiment on the mainland as he has quite a number of years foreign service to his credit.

The weekly "ladies' night" at the Officers' Club was attended by about 50 guests on Monday night. There were 10 tables of bridge and all seemed to have a most enjoyable time. The prize, a beautiful Oriental tray, was carried off by Lieut. Green with a high score.

The Evening Bridge Club was entertained by Lieut. and Mrs. Black Thursday evening. First prize was won by Mrs. Kay and the second prize by Mrs. Booth. After the game delicious refreshments were served.

Maj. E. V. Smith was also a passenger on the Logan and expects to spend a month or more in California.

The trial of Joaquin da Gama, under indictment by the federal grand jury on a charge of having committed a statutory offense, will commence in the district court at 8:30 o'clock Monday morning.

The territorial secretary's office today received the following limited expense accounts filed by candidates in the recent campaign for territorial offices: Evan da Silva, for representative from the First district, Hawaii, \$71.80; W. H. Crawford, for representative from the Fifth district, Oahu, \$120; George P. Kamao, Progressive candidate for senator from the First district, \$111; M. S. Pacheco, candidate for the same office from the same district, \$72.50, and J. M. Kapa, for representative from the First district, \$60.

THE NATION-WIDE TEMPERANCE CRUSADE

Three Simultaneous Mass Meetings
Three Rousing Speeches At Each
